WHO ARE WE ?

AGRICYCLES PRESENTATION

Agricycles is revolutionizing **all-terrain mobility** with its range of electric bikes and scooters designed for both **professionals** and **individuals**.

Robust, high-performance, and comfortable, these vehicles make daily travel easier, on roads as well as on trails. Their range can reach **up to 90 km** at 25 km/h, and an "off-road" mode allows for use up to 45 km/h on private land.

Available in several models and colors, adapting to all profiles. Equipped with practical accessories, they are **guaranteed for 2 years** and benefit from specialized after-sales service based in France.

ALSO EXPLORE TRACT'MOI

THE BENCHMARK BRAND IN AGRICULTURAL MOBILITY

Discover our presentation video!

P19

Tract'moi, **the benchmark brand for agricultural mobility solutions**, offers a range of equipment designed to facilitate the daily life and travel of farmers. The TM2 support allows for the transport of a two-wheeled auxiliary vehicle at the front or rear of the tractor thanks to its quick-fix system, with a capacity of 500 to 900 kg.

The quad rack (TM4 support) is, for its part, specially designed for transporting quads. Equipped with various accessories, our equipment is there to meet all your needs, even the most specific ones.
